JANUARY 2022 HIGHLIGHTS

HEALTH --> HAPPINESS

Making the best food choices in the New Year

New year. New resolutions. New beginnings.

It's time for everyone to stop settling for store bought bread. While here at Great Harvest:

- We know where our wheat comes from
- We don't use preservatives or dough conditioners
- We use pure, simple, and often local ingredients/suppliers
- We allow bread to naturally ferment and prove
- We make bread with love just like home-made
- We accept that great bread takes time & effort

So why settle for stuff that is called bread, but has an ingredient list that reads more like a science project?

In the New Year, many people resolve to lead a healthier lifestyle that starts with healthy food. And that includes true, whole grain bread instead of just avoiding bread altogether. We make bread that won't make you fat and won't make you sick because We Make **Bread the Way it Ought To Be**!

Switch over to one of delicious whole-grain breads or transform someone else's 'loaf' forever by gifting them our delicious wholegrain bread loaf. There's an option for every diet, occasion.

National Soup Month - January

6pk of rolls for just $1 with every Frontier soup mix purchase.
